Instead, he haunted the stage door and scarcely an evening passed that Miss Carlan did not receive a bunch of rosses. Another proposal followed, but the girl was still obdurate. Then followed to parting.

"Go and do something," commanded the girl. She was a romantic miss and for the first time the lover despaired. He still haunted the theater, but the girl was always accompanied by some of her friends and the architect never had an opportunity of making another appeal. Then the company came to Chicago and Miss Carlan thought the affair was at an end.

A Story Worth Telling

We never tire of telling the story of Uneeda Biscuit. We do not believe that lovers of good, wholesome food ever tire reading it.

Uneeda Biscult are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption, made this worthy of extraordinary effort. True, many people laughed at the idea of so much thought-timelabor-capital, being devoted to a soda cracker. But the greatest industries of the greatest country in the world have been developed from smaller things than a soda cracker, and so it seemed worth while to make the best soda cracker that could be made and to place it on the table as good as it had been made.

To do the first required the selection of the best materials, of the best equipment, the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good.

That no one expected it any way, That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of younger minds to do this unheard of thing-to keep a soda cracker good until eaten.

The result was the creation of the In-er-seal Package with red and white seal. An invention that kept out the air, moisture, dust germs, that first retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table, and so Uneeda Biscult became a reality. The little thing that seemed hardly worth while became a great thing that seemed hardly possible.

To-day over 300,000,000 packages have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of Uneeda Biscuit. Some day we will tell it over again for the benefit of those who are still "satisfied" with the stale and broken crackers that come in a paper bag, when they can get Uneeda Biscuit whole, fresh, and clean.

preme bench at the November election.

Judge Gantt was chosen presiding judge of Division No. 2 to succeed Judge Sherwood, who retires. Judge Brace is presiding judge of Division No. 1.

When the court met, Chief Justice Robinson stated to the bar that the personnel of the court had changed with the new year, and that Judge James D. Fox had responded to the call of the people of Missouri, and that he took great pleasure in formally introducing Judge Fox.

Several attorneys and friends of the judges were present and witnessed the cpening of the new court. Mrs. Fox and her daughter were among the visitors at the court to see Judge Fox take his seat.

After the reorganization, court in banc was adjourned from day to day and the two divisions began hearing cases on their respective dockets.

To Be Used in Building Italian National Theatre.

MISS MORGAN A CONTRIBUTOR

FAIR LEFT OVER \$3,000,000. BACH SENT CHECK FOR \$1000 TO THE ACTRESS.

> Playhouse on the Shores of Lake Albine Will Cost \$100,000 and Is Expected to Be Self-Sustaining.

Special to the Post-Dispatch. NEW YORK, Jan. 6.—Miss Anna Morgan daughter of J. P. Morgan, has subscribed \$1000 to the fund with which Mms. Eleanors Duse, the Italian actress, proposes to build an Italian national theater on the shores of Lake Albino, near Rome.

The ground for the theater, together with gardens, was recently donated by Count Frankenstein, a friend of the actress and

Miss Morgan's gift is part of a fund of \$21,000 subscribed by it wemen at the Duse dinner recently given at the Italian em-

bassy at Washington.

Mme. Duse has had the plan in mind for several years and at the dinner she gave a brief outline to several of the guests. Miss Morgan said she became interested immediately and would be willing to contribute if a check would be acceptable. Mme. Dues gracefully accepted the effer and Miss Morgan sent her a check for \$1000.

and Miss Morgan sent her a check for \$1000.

She then placed the matter before the other guests of the Italian ambassador and 30 women promised to donate like amounts.

The actress was completely overwhelmed with the generosity of her newly found friends and, in a pretty speech, said that she believed the fund thus auspiciously started would soon grow to an amount large enough to make possible the construction of the playhouss. She declared that it could be built for \$100,000 and that she believed it would support itself.

Mme Duse made no mention of the fund until she reached New York last night. She then taked the matter over with her manager, who gave out the above details for publication.

The names of the contributors, with the exception of Miss Morgan, were not announced.

The names of the contributors, with the exception of Miss Morgan, were not announced.

Shortly after Mme. Duse left Chicago, she received a letter from Leon Selfridge, one of the prominent men of that city, who offered on behalf of several society women, to build her a theater, provided she would act there six months of the year.

Among the women who are interested in the soheme are: Mrs. Potter Palmer, Mrs. Harlow G. Higgenbotham, Mrs. Arthur Caton, Mrs. H. Chatfield-Taylor and Mrs. Clarence Eddy. No decision has been reached.

TRIUMPH NEAR FOR ADDICKS

After Thirteen Years of Fighting, He Will Probably Represent Delaware in Senate.

Special to the Post-Dispatch.

DOVER, Del., Jan. 4.—Addicks' men say he has won his long battle, and will be elected United States senator.

His opponents say the compromise on the erganization of the two Houses here today has no such significance.

The Union Republicans (Addicks), will organize the House and the regular Republicans (Dupont), will organize the Senato.

publicans (Dupont), will organize the Senate.

The Democrats have nominated a full list of officers for each office of both Reuses.

If Addicks is elected two weeks hence, it will mean that a bitter struggle which has been going on since Jan. i. 189, when Addicks first announced that he would be pleased is represent Delaware in the Senate, will end in his triumph.

Since than the state has been upset from end to end over Addicks. Other issues have been forgotten, and the Republican party has been spilt, though in a majority in the state. Addicks last stand was to nominate an opponent to the regular Republican, and the Democratic candidate won, because of the split.

For two years the state has not been represented in the United States Benate

because of the bitter factional fights ever WON BRIDE BEFORE OFFICE.

WARSHIPS IN DARD/TIELLES

England Protests Against Bussia's
Use of the Straits.

CONSTANTINOPLE, Jan. 4.—Great
Reftain has vigorously protested to the
Turkish government against the permission granted in September last to four
armed Russian terpedo beat destroyers to
pass through the Dardanelles, into the
Black see, under the commercial flag of
Russia. These vessels were about to
start on the proposed trip. The British
note says that the passage of the Dardanelles by the togedo beat deservers would
be a violation of the existing international treaties, and that if Russian warships
are thus allowed to use the Dardanelles,
Great Britain will reserve the right to
demand similar privileges. The protest
has caused irritation in Russian circles
and concern on the part of the Turkish
authorities, who fear that other powers
will follow the example of Great Britain. THIEVES TORTURE OLD COUPLE.

All to the Post-Dispatch.

RINGFIELD, Ill., Jan. 6.—With the sublican caucus to name a speaker for Illinois House of Representatives comat 4 o'clock this afternoon, the whole it is in the air and there is no telling.

may happen.
battle is the hottest that has taken
in Illinois speakership contests in

any years.
Indications are that the troubles of the inner, whether it be Sherman or Miller, re only just beginning, because it seems extain that the factional fight is to connue throughout the session.
Miller's friends, including the whole state diministration, backed by all the federal atronaga, insist that he will have fifty olds in the caucus, forty-five being necesary to a choice.
Sherman's friends say that they have styrnine members who have given ledges that they will "not" vote for liller.

Rows chairman of the Republican central committee, who, following dent, will call the speakership caucus der, has made himself particularly often to the Shermanites who declare will not accept him.

er's friends insist upon Rowe's perag the duty, and the insistence is to hermanitee like shaking a red rag in acc of an enraged bull.

bonference committee of three from faction remained in season until 2 k this morning, trying to arrange the setatis, but Miller's representatives to Rowe and negotiations were called

withdraw.

These Democratic leaders who are here want Democratic leaders who are here want is to happen. These Democrats say are willing to combine with Sheran and make him either speaker or nited States sonator, but, up to this time terman has refused to dicker.

With this unsattled condition of affairs, is up to the caucus, which is expected the exceedingly lively.

COVERED TWO SQUARE BLOCKS IN THREE HOURS.

Man Inspector Lent Assistance This Morning, but Hereafter Dr. Tucker Will Make the Rounds

Dr. Mary E. Tucker, sanitary inspector No. 50, commenced her first day's work for the city-the first work of the kind ever done by a woman in St. Louis-with a trip through the two city blocks bounded by Broadway and Seventh street, Franklin avenue and Wash street, Tuesday morning.

avenue and Wash street, Tuesday morning.

Inspector Con Molony, one of the veterans of the sanitary office, was the new in spector's mentor on her first morning's rounds, but she soon showed that she needed little guidance.

The district to which the woman physician has been assigned as an inspector is that in which she has labored for years as a physician and a charity worker.

Dr. Tucker began at 9 o'clock. For three hours she and Inspector Molony walked in and through yards, courts and houses.

They found damp cellars, escaping water and several yards where there was much litter and refuse.

In cases where the trouble could be remedied by the tenants a request was made to them personally, but in most instances the nubsances were the faults of the owners of the tenements, and a record was taken of their names

Tuesday afternoon Dr. Tucker spent in the office of the health commissioner, Starkloff, where she learned how to make out the necessary reports.

She will be on duty in the Third district, and she will hereafter make her tours alone.

The Kansas City delegation, and they have many supporting them, are bitter in their denunciation of this scheme, and if it is successful, a serious clash of political interests is threatened.

It is not believed that the organization of either body will have any material effect on the senatorial situation. Stone's adherents started out to fight

ames H. Whitecotton for speaker by sending letters to all legislators asking them to vote for Representative Gentry of Cape Girardeau County but his movement failed in its incipiency, and now the Stone crowd, appreciating an epportunity to jump into the band wagon, are loudly announcing themselves in favor of the Monroe County

Personally and politically Mr. Whitecotton has no preference for Stone. His county Instructed for the ex-governor, and he feels Instructed for the ex-governor, and he feels that this instruction is binding upon him. It was Whitecotton who so strongly denounced Stone as a lobbyist on the floor of the Senate at a public meeting on the Hall medicine bill, two years ago.

From this it will be seen that Whitecotton, so his friends say, will have more than an "alum" taste in his mouth when he casts his vote for Stone.

There is every reason to believe that when the caucus does come a resoution will be introduced calling on Gov. Stone to explain his lobby connections.

No Democrat will predict the effect of such a move. But legislators assert that the ex-governor should be compelled to speak out as to his record.

Impassable Streets.

The Board of Public Improvements at its meeting today considered the council resolution inquiring why streets are torn up in various paris of the city upon almost any pretext. The board was requested to draft an ordinance punishing persons who make the streets impassable except when it cannot be avoided. Members of the board thought that such an ordinance might require an enactment by the state legislature, and the whole matter was referred to a committee.

Objects to Any One Paving. Attorney Benjamin Greensfelder has pre-pared a brief which he has presented to the Board of Public Improvements and to tother municipal officials protesting against the specifying of Warrens' bituminous macadam for the paving of Laclede avenue west from Grand avenue. His contention is that the particular brand of paving ma-terial should not be mentioned.

that Lena Volmerding is his common-law wife.

Two other women, one formerly MissFrey of Chicago and now resident in Germany, and Mrs. May Kennedy Sto.lhofen of this city are the other persons who call him husband.

Dr. Sto.lhofen is a professor of languages employed by the board of education, a native of Mainz, Germany, and a graduate of Strasburg university. He is an accomplished linguist, a man of culture and his associates were amased today when told of the professor's marital complications. For more than three years Dr. Stollhofen has been a teacher of foreign languages in the boys high schools of this city.

Stothhofen has been a teacher of foreign languages in the boys' high schools of this city.

In the early '98 Dr. Stolihofen lived in Chicago and there formed the acquaintance of a young w' can of the name of Frey, whom he married. In answer to a suit brought against him for absolute divorce by his second wife, Stolihofen admits the existence of the first Mrs. Stolihofen. On that ground he prays the court to dismiss Mrs. Rennedy-Stolihofen's suit and declare void the marriage to her.

In the summer of 126 Dr. Stolihofen made a trip to Germany to visit his mother in Mains. On the steamer he formed the acquaintance of Mrs. May Kennedy, a wealthy widow of a Falladelphis physician. A vary cordial understanding was soon reached, with the result that a landing was made in England, where they were married. Then the trip to Germany was resumed.

Beturuing to this county, the couple lived amicably for some time, but dissensions arese, and Mrs. Kennedy-Stolihofen, however, remained in possession of the child and lived with the little one in Brooklyn. Then he attacked the validity of his marrieg to Mrs. Kennedy, who, as a devout Catholic, and averse to divorce, brought the matter to the attention of Archbishop Ryan and the ecclesiastical court in Philadelphia, where the Mrs. Kennedy, who, as a devout Catholic, and averse to divorce, brought the matter to the attention of Archbishop Ryan and the ecclesiastical court in Philadelphia, where Mrs. Kennedy Stolihofen advertised for a young was accounted to

In the meantime Dr. Stollhofen advertised for a young woman as governess to the child. Helen. Lena Volmerding, who had recently arrived from Gormany, knewered the advertisement, and was engaged. Then thrs. Kennedy-Stollhofen began habeas corpus proceedings, and got possession of her child. Lena remained in the house of Dr. Stollhofen, and later, removed with him to the Brong, where, it is alleged, she

Dr. Stollhofen and later, removed with him to the Bronz, where, it is alleged, she passed as Mrs. Stollhofen.

The house was also occupied by Mr. and Mrs. Christopher Northcott. The two families became acquainted. When, in October, 1501. Dr. Stollhofen invited the Northcotts apetairs to a little farewell feast prior to meving to Greenwich. Conn.. the Northcotts accepted. During the evening Dr. Stollhofen produced the document which has caused all the mischied, and requested the Northcotts to witness his signature. "It was my intention." said Dr. Stollhofen to a Post-Dispatch correspondent that no one should see the contents of his document until after my death, and for that reason I did not inform Mr. and Mrs. Christopher Northcott of its contents." The decument was a will admitting that Lona was his common-law wife. (no longer possible in New York State), and making her his helr.

able the attorney-general to investigate and prosecute trusts will be taken.

Some of the Republicans who at the beginning of the session were the most ardent of "trust bus'ers," are beginning to weaken, and when Congress met after its heliday the opinion was freely expressed that it had taken all the action necessary at this time.

Many feel their duty has been done in appropriating the money, and that now it is for the attorney-general to make good his promise that if he had the money, he could break many existing trust evils.

Senator Hoar's anti-trust bill is not regarded with favor by members of the House judiciary committee.

Practically every member of this committee has an anti-trust bill of his own, and each believes his bill is the only simon-pure remedy for trusts.

Each of these bills has at one time or another been called the "administration" bill. When Senator Hoar introduced his bill several called attention to the fact that every similar one offered either in the Senate or in the House had immediately been characterized as the administration bill.

The senator promptly disclaimed that his

to the measures now awaiting consideration.

Senator Hoar more than intimated that he did not take kindly to information of this character as to what the President wanted or did not want in the way of anti-trust legislation.

It developed today that there is no unanimity of opinion among members of the Senate judiciary committee as to the best method of proceeding with anti-trust legislation. At least one Republican member said he thought but little of any bill already offered, and the suggestions in Mr. Knox's Pitisburg speech did not present any solution of the problem.

When actual consideration of the Hoar bill is reached there will be many changes suggested by members of the committee, but it will require considerable deflection, even with the solid support of the Democrats, to prevent the Hoar bill from being favorably reported. The committee consists of eight Republicans and five Democrats.

22,000 CARS OF ORANGES.

That Is the Estimate of California's Bumper Crop.

Bumper Crop.

LOS ANGELES, Cal., Jan. 6.—According to present indications there will be considerable more citrus fruit shipped out of California this year than last.

The lemon crop is lighter, but the shortage will be more than offset by the additional output of oranges. The season has been exceptionally favorable for orange growing and there have been no serious frosts to damage the crop. The picking is now well under way.

Up to last week about 100 carloads of oranges had been shipped East from this city and vicinity and 1200 carloads from points north of Tehachapi. The season's output from southern California is expected to be from 22,000 to 24,000 carloads.

No terms of contract have been of-fered by the agents, who have simply asked the creameries to name prices at which they will sell exclusively to Ar-mour & Co.

The Board of Health discussed the prevailing cenditions at the Insade Asylum and Poorhouse at its meeting yesterday. Patients are being rejected at the Poorhouse every day because there is not room for their accommodation. THE SENATORIAL QUESTION.

If the Missour legislature is a yellow-dog legislature, if the majority of the Democratic members are completely submissive to Stone's machine, it will obey Stone's dictum that a caucus for the senatorial nomination must be held in the opening days. If the Democratic majority in the legislature is animated by an independent spirit, by loyal devotion to the interests of the great state of Missouri and the interests of the Democratic party; if it is composed of men of courage and capacity, the caucus will not be held until a most careful consideration has been given all the information that has been presented to the legislature by the Post-Dispatch.

If the Democratic majority act from a high sense of duty to

legislature by the Post-Dispatch.

If the Democratic majority act from a high sense of duty to the people of the state whom they represent, they will not elect William J. Stone as successor to Senator Vest. They will at least investigate his record and the charges that have been published and that have not been denied.

The Post-Dispatch has done its duty as an independent newspaper in presenting to the people and to the legislators the record of ex-Gov. Stone's work as a lobbyist and a contract agent. The Post-Dispatch has no end to serve except the public interest. Its action was not prompted by any desire to promote the candidacy of any particular man in opposition to ex-Gov. Stone. It does not oppose ex-Gov. The record shows that ex-Gov. CRIME AND PROGRESS.

Toport to the Bureau of Education on the increase in mainty and crime, comment on which has already do in these columns, Dr. Arthur McDonald says:

see as the tree, bad apples fall first. So, in periods and strain, the weaknesses of human nature become sureal. But this increase in evil may be only a temmed due to the necessary pressure of adaptability to inclination. The increase in crime, for instance, is not by a proof that the world is growing worse."

The Public conscience has reached a point where we can no longer rest antisfied to treat mere children as we do adult oriminals. That no less than 11 states have adopted the new method have that the idea will soon sweep the country and become

the rule wherever civilization has spread.

The Post-Dispatch has consistently and urgently appealed for this reform in the interest of the young. It bespeaks for the juvenile court bill the sympathetic and wise action of the legislature.

Of 44 boys recently reporting to Justice Mayer of the New York Juvenile Court only one had violated his parole and refused to obey the orders of the court. As to the others, it was found that "the parole system had worked wonders with them. They came into court, spick and span, with clothes carefully brushed, clean collars and their hair combed. Justice Mayer was visibly pleased." Humanity towards children will benefit the community by saving to it useful citizens.

SOME LARGE SALARIES.

The announcement of the Steel Trust profit-sharing schem draws attention to official salaries paid by great corporations. The United States Steel Corporation itself pays the presiden \$100,000 a year, but there are only 12 other officials who receive \$20,000 or more.

From "The Next Step in Evolution," by Isaac K. Funk, L. L. D. Immensely human and natural was Christ's measage to man—brotherhood and Fatherhood, and by those tokens we recognise his present footsteps. We are learning that the Golden Rule and the law of self-preservation run parallel. Applied to commercialism, the Golden Rule is to make money so as to give a benefit also to him from whom you make it; and that, too, is common sense. The children of the inner kingdom never crowd; the more, the more room. Man has climbed up in counties ages by the slow processes of evolution to where he can use the powers of nature through his brain—becoming a coworker with God in guiding the processes of evolution. Now, being reborn into the inner kindgdom, he starts on a new and infinitely higher deatiny. Eye hath not seen, nor ear heard, the things that are laid up for those thus born.

Capt . Marmaduke, According to Cable Dispatches, Is Now Preparing to Come to United States Brothers Live in St. Louis.

Capt. Henry H. Marmaduke, the Mis purian wno assumed command of the Co-mbian fleet during the recent insurrecording to a cable dispatch, and arranged to start for the United States on the first

available steamer.

It is thought probable that he will come to St. Louis to visit his brothers, Col. Vincent Marmaduke of Hotel Beers and Leslie Marmaduke of 4064 Morgan street, soon after his arrival in this country.

According to the cable dispatch, all the American subordinates of Capt. Marma-duke also resigned yesterday, and their res-ignations were accepted by the Colombian government, the war having ended.

In a letter received by Col. Vincent Mar-maduke Sunday, Capt. Marmaduke expresses regret that his warship, the Bogota did not get an opportunity for battle. "I greatly deplore that we did not get chance at the enemy's fleet," he writes, "but they got out of the way into hiding as

soon as we appeared in the water.
"We only discovered them just as the revolution collapsed and were blockading them in a river too small for the ship to ascend. "The government has, however, publicly

recognized our services as having contributed to the finale of the war."

His manager has all the rest of the property, according to the friend, the physical characteristics excepted. These Tuths has hidden away at Brooklyn, where he intends to keep them.

Tuths fought everal fights in St. Louis, was here several weeks, trained hard and contested against a man whom he told his manager he had no chance to defeat, Mo-Padden.

We don't mean to say that Sharkey would steal the last eye a poor old woman had, just to win a fight. But we do think he would have been just the boy to slip up behind a poor unfortunate lady and swipe her in the neck had he been assigned to Percy's job. OUR ONE-HORSE WIRE YESTERDAY GAVE JUDGE DURELLE, 15 TO 1, LOST.

W E are literally coining money for our three-horse-per-day clients at New Orleans this winter. Our three-horse wire is getting the money and getting it in chunks. Our policy of spending money in course and the second s money and getting it in chunks. Our policy of spending money in every possible direction with an open hand to secure best results for our clients is again vindicated and we are proud of our ability to make such a glorious showing as we are enabled to do this morning. Three thousand clients, each paying us a weekly fee of \$10 for our information, makes our gross income \$30,000 per week. Do you know or did you ever hear of a single individual plunger who had a fund of that magnitude with which to conduct a winning campaign on the turf, or one that was willing to spend that amount?

Allowing for our advertising bills, we have a fund of over \$4000 per day to draw from to spend with owners and trainers and to em ploy the most skilled corps of clockers ever corralled in the history of the turf, and we spend very nearly all of it to accomplish our aims. The stockholders of the Maxim & Gay Co. are willing that the maximum profits of the corporation should be annually 100 per cent on their \$50,000 investment. (They are not hogs.) A little arithmetic will show you that under these conditions we are still able to

spend \$3800 per day for information. Think it over. Examine the results we get, as shown in the table of winnings and losings presented below, and ask yourself whether our proposition isn't the greatest thing you ever struck since you joined the human race.

We were the turf sensation of 1901 at Sheepshead and Saratoga. We were the turf sensation of 1902 at New Orleans, Brighton and Saratoga. We are already the turf sensation of 1903 at New Orleans.

OUR SYSTEM AND PROSPECTS

The three-horse wire is the thing. Because of a desire to act very conservatively our one-horse wire has not realized our expectations to date. We intend this week, however, to steer away from the old policy of conservatism on the one-horse daily selection and to take a couple of chances weekly with long-priced horses that nave a good chance to win, and in all probability this week's showing of the one-horse wire will equal, if not excel, that of the three-horse wire. The one-horse wire represents as you probably already know, the surest probable winner of the day, while the three-horse wire represents the three best bets from the

Since the Maxim & Gay Co. accred its first sensational success it has been handless the best results for 'ts clients by the fact that its selections became public property before the races were on. In the East, throughout the year, it has been the experience of every one that once a horse was known to be tipped by Maxim & Gay to win a race, that horse became a mark for the bookmakers in the betting. If the horse was the property in the horse was known to be tipped by Maxim & Gay to win a race, that horse became a mark for the bookmakers in the betting. If the horse was known to be tipped was a natural 5-to-1 shot, bookmakers in the betting. Let a St. Louis citizen tell of her cure. Miss G. Punshon, housekeeper, 4572 Easton avehue, says: "Advised to use Doan's Kidney Pills by a friend, in fact, fiven a few to try, I went to the Wolff-Wilson Drug Co. for a box. For several months my back ached sometimes secrely. At times my temperature indicated a fever, my breath was hot and there was an unpleasant taste in my nouth. The treatment stopped pain in my back, and in other ways improved my health. I think it is right to recommend a preparation which does exactly whit is claimed for it."

As Pana Dungan, He Sends His R. gards to the "Four Generals and Their Vermin."

Bacolod is angry again.

He has fortified himself with another title, and, as Pana Dungan, as well as Sultan, has served long range notice on the United States troops that if they do not hurry up and start something he will mix it up himself. Here is his letter to the commmanding officer in Mindanao.

"We want war if you do not get out of here and go back to the sea, because neither this island of Bacalod nor the Pana Dungan wants to be your friend. Within this month we want the war to begin, and if you do not want it you are a lot of cowardly rascals.

"We send our regards to the four generals and their vermin.

"If you do not want to go from here come to this place and the Sultan and Pana Dungan will take care of you, for you are a lot of hogs that eat hogs, and, not presenting yourselves at Bacalod, look out, for it shall go to fight you."

MRS. CAMPBELL SHOWS A NEW PART IN SUDERMANN'S "JOY OF LIVING"

In "The Joy of Laving" it is one of the joys of living to see Mrs. Campbell's gowns One of them fairly takes your breath away. She wears it in the scene where the wife of her lover comes to taunt her. That gown would make any woman jealous and we don't blame the wife for trying to make things unpleasant. The long court train is without decoration, but the corange—it is needless to say it is cut low, and then below this is a lattice work transparency. At her back it hangs straight down in Chinase fashion. Being Mrs. Campbell it couldn't very well hang any other way. A few white carnations and a string of pearls complete the telefits. The impression it creates is lasting.

est, even though it did not entertain.

"The Joy of Living" seems rather to depict the servow of living. To the casual observer all-the joy in Beata's life appears to have vanished long before she is introduced to the world. And yet, according to her own words, even with all her sorrows, the raal joy of simply living far surpusses all other emotions.

This is the keynote of the character of the woman, Beata, whom Sufermann has created and whom Mrs. Campbell almost perfectly impersonates. It is a character that furnishes a most peculiar psychological study, and those who enjoy the study will be entertained. Others will not.

The play is distinctively Sudermann. To judge from their works, no other playwright could write such a play. It is a

"We thank you for your interest in our work and trust that you may not find our play too serious," was the burden of a little curtain speech made by Mrs. Patrick Campbell at the Olympic theater last evening during the performance of "The Joy of Living."

It is to be feared that many in the audience found it just that, and yet it was a seriousness that could not fail to interest. Take out the Athos Family of acceptate.

Possibly, however, the Muthown Minstrels are entitled to the medal. But the whole bill is so far below the usual Columbia layout, that it is a mystery where the management ever discovered the most of them. The Columbia audiences are long suffering and will stand for a good deal, but a few weeks of such a dose as this will reduce the size of the audiences to the minimum.

OSTON STEAM DENTAL IS N. BRUADWAY, bet, Lecter and I say, 1871—PAINLESS EXTRACTION, J. H. Chee, Prop. Open crys. (III f., See

Mrs. F. Wright, of Oelwein, Iowa, is another one of the million women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Overshadowing indeed is the success of Lydia E. Pinkham's Vege-table Compound — compared with it, all other medicines for women

Why has it the greatest record for absolute cures of any female medicine in the world? Why has it lived and thrived and done its glorious work among women for a quarter of a century? Simply because of its sterling worth. The reason that no other medicine has ever-reached its success is because there is no other medicine so successful in curing woman's ills. Remember these important facts when a druggist tries to sell you something which he says is just as good.

A Young New York Lady Tells of a Wonderful Cure:—

"Dear Mrs. Prinkham:—My trouble was with the ovaries; I am tall, and the doctor said I grew too fast for my strength. I suffered dreadfully from inflammation and doctored continually, but got no help. I suffered from terrible dragging sensations with the most swful pains low down in the side and pains in the back, and the most agonizing headpains in two to the stomach, and every little while I would be too sick to go to work for three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

"At the suggestion of a friend of my mother's I began to take Lydia E. Pinkham's Vegetable Compound, and it is simply wonderful. I can truthfully say I am entirely cured. Young girls who are always paying doctor's bills without getting any help as I did, ought to take your medicine. It costs so much less, and it is sure to cure them.—Yours truly, Adminder Prakti, 174 St. Ann's Ave., New York City."

Women should not fall to profit by Miss Adelaide Praki's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so certainly will Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She can surely help you, for no person in America has such a wide experience in treatmy female ills as she has had. Address is Lynn, Mass.; her advice is free and always helpful.

Should be the structure of the stream of the structure of the A Young New York Lady Tells of a Wonderful Cure:-
